

GERALD & LIZ LASSEN

Mirror Trading International Members

PROFILE

Just a few things about us, Gerald Lassen has always been an entrepreneur and from school days started looking at how to earn money, After school started working for Telkom and in 1996 started my 1st business working from home, with lots ups and down and believe me I have learned lots of lessons. In 2015 I was introduced to the crypto currency space and everything changed.

Hi I am Liz Reyneke-Lassen, Professional & Masters Makeup Artist - Educator and the Author of my own published makeup book. Won various awards on this platform. Im also qualified TPM Counsellor. I got introduced properly to crypto currency space after marrying my husband Gerald Lassen.

HOW THIS ALL GOT STARTED

I Gerald was introduced to Mirror Trading International Pty Ltd (MTI) in 2019 October merely to Grow my Bitcoin as an investor. At that stage I was not looking for anything more than to be an investor.

However, I did introduce a few friends...

I had a few friends that I new had Bitcoin and I asked a friend of mine to see them on my behalf as I were on my way to JHB to get married in November 2019. And unaware what is happening in MTI club, and after we moved in our new home in Cape Town, my friend reminded me of my investment in MTI. After settling in and the excitement worn a bit down, then only I could manage to study the plan in MTI. This was one of the best decisions in our lives. We immediately worked on a strategy to help as many people as we can to grow their MTI business and add investors to the Club.

Working consistently & with determination to help everyone in MTI Club we managed to see new members on a day to day basis, with some days about 40 people for the day. Yes, working hard and smart as our motto, our team grew astonishing in total of 1127 by 2020.03.27. Then the National lockdown surprised us all and we had to alter our strategy from seeing people in coffee shops or at the Strand Offices, to daily online presentations on "whats-up" or Zoom calls. We embraced the lockdown process with a lot of zeal and we literally grew to (with our 90 days strategy plans) 2020.04.29 to 2470 members & investors, and now on the 2020.08.12 over 14 000 and still growing rapidly every day.

We sincerely thank the team for all their hard work and dedication. And to every investor in MTI to advance this to best business opportunity ever, even if you invested from as little as \$10 worth of Bitcoin, we love you and we are here to help everyone to grow in MTI.

MTI is now paying us well over 1 BTC per month in the 3 Bonus income streams and we are now able to help others do the same, So thank you to the support team, the team working behind the scenes to make MTI a big success and a special thank you to Johann Steynberg for your impeccable business acumen, building Mirror Trading International Pty Ltd into a profitable platform where everyone wins!! We salute you.

Greetings
Gerald & Liz Lassen
